Princeton Flying Tigers Meeting Minutes June 17, 2010

The Meeting was called to order by Greg Anselment at 8 PM at Godfathers Pizza in Zimmerman. 15 individuals attended.

Lyman read the secretary's minutes with one correction noted. Larry presented the Treasurer's Report.

Field Maintenance Report

The field is reported to be in good condition.

Safety Officers Report

Nothing was reported.

Old Business

The parade and float turned out good.

New Business

The Lions fly-in and the "Come Fly with Us" were discussed in detail. Items discussed included: Moving us closer to the main gate; planes for display; trainers at the field; food sales; a generator; posts and rope; Magazines; and so forth.

The Boy Scout event was discussed. Craig will attend and Randy may attend.

There have been continued incidents of losing control of aircraft and some have crashed due to radio interference. Keith indicated he thought it was the nearby cell phone tower. It appears we may all have to switch to the new transmitters and receivers.

The sign will need some attention as it was noticed the edges are being affected by the elements. We will talk to Mr. Essig regarding the increase in fees to use the field.

Show and tell

Craig displayed a target drone.

Don Helps won the raffle and \$12 went to the club.

Meeting adjourned at 8:46 p.m.

Respectfully submitted by **Lyman Stein**.

Notes from the editor:

The fly-in at the field was well attended. The frequency problem, let it be known, with four airplanes lost due to interference. The problem is being looked into with few results so far. A hi-tech frequency meter was loaned to us and used at the field to record interference weekdays and week ends at different times of the day. Most if not all strong hits were before 5:00 p.m. Gregg and I took the meter up to Don Baileys home where the fly-in week end of Aug 6, 7, and 8 will take place and found no problems there. Don has a great field that everyone should enjoy. I flew my 4-star 40 and Don Bailey flew Gregg Herreid's escapade.

The club had a float in the Princeton Parade where the young girls in the crowd noticed Carson (Bruce Fedler's grandson) but probably didn't notice the club's airplanes on display. I just called a friend who flies at the club in Blaine. He has had and knows of no problems at their field. Their dues are \$55.00 a year. Our problems might be due to being near to a town where police and fire crews are using frequencies not assigned to them or even the airport. A few of us have gone to using 2.4 GHZ to remedy the problems, at least for us.

Don

FOR SALE

Gregg Herreid – new in box Sig. 4*40 fuselage kit - \$35.00. Escapade A R F \$90. Phone 763-441-6882
